

## PHONETIC ALPHABETS

- A phonetic alphabet is a list of words used to identify letters in a message transmitted by radio or telephone.
- For example, the word "Army" would be "Alfa Romeo Mike Yankee" when spelled in the phonetic alphabet.
- This practice helps to prevent confusion between similar sounding letters, such as "m" and "n", and to clarify communications that may be garbled/unclear during transmission.

Letter/Number	Adopted by BB	Letter/Number	Adopted by BB
A	Alpha	S	Sierra
B	Bravo	T	Tango
