

Zep makes...

PERFECT SCENTS

Zep has a full selection of bathroom deodorants, automatic deodorizing systems, general-purpose and special-use deodorizers to keep your workplace free of unpleasant odors. All Zep liquid, aerosol and block deodorants are formulated to provide effective odor control, easy use and a great fragrance at a great price. **Use Zep deodorants everywhere:** hotel and motel rooms, apartment buildings, schools, locker rooms, retail stores, hospitals, health care offices, restaurants, industrial plants, factories, refuse and compacting areas, sewage treatment plants, landfills and transfer stations... and in every bathroom in America.

ZEP FRONTIER AUTOMATIC DRIP SYSTEM

A great way to clean and deodorize urinals and toilets, the Zep Frontier Drip System works day and night to keep every bathroom the freshest it can be. Just set the automatic dials and a light sensor controls the time of day the unit will operate (lights on, lights off, or 24 hours a day). The unit also features a yellow light sensor which goes off when the batteries need to be changed, and a flashing red light when the pump refill needs to be replaced. This state-of-the-art system incorporates a wick to release fragrance into the air while it drips deodorizer into the fixture. Operating on 2 D-cell batteries, the unit is inexpensive to run and easy to install and maintain. The keyless lock helps to reduce theft and vandalism.

FRAGRANCES:
Odorstroyer (#1724), Country Garden (#1721),
Mandarin Orange (#1722), Mountain Air (#1728)
USES FOR ZEP FRONTIER: Restrooms of Hotels,
Schools, Restaurants, Hospitals, etc.

ZEP METER MIST 3000 SELECT AUTOMATIC AEROSOL DISPENSER SYSTEM

PROD.# 6592

The Zep Meter Mist 3000 Select Automatic Aerosol Dispenser protects your environment against unpleasant odors. Zep's state-of-the-art dispenser system meters the spray to provide the exact amount of control you need, any time you need it, easily and economically.

Made from high impact, chemical-resistant ABS plastic. Mounts to any wall to protect your environment against unpleasant odors or insects. Meters an exact amount of pleasant Meter Mist brand fragrance or insecticide anytime you need it. Computer-controlled spray intervals customize dispensing to meet your needs for 30, 60, or 90 days of usage per Meter Mist aerosol can. The unit can be set to operate 24 hours a day or during specific times and specific days of the week when needed the most. The unit has an LCD panel to indicate low batteries and when to change the aerosol refill. Incorporates an audio warning feature to work in conjunction with the LCD display. The unit emits a soft electronic tone to alert maintenance personnel of the unit's operating status. A keyless locking feature prevents refill theft. Comes with two "D" cell long-life alkaline batteries and mounting screws for installation. Energy efficient and cost saving.

Use the Zep Meter Mist 3000 Select with any of Zep's specially-formulated aerosols for the most effective air freshening. The system is also perfect for eliminating bothersome insects with Zep Insect Killer S.

ZEP SCENTINEL AUTOMATIC GEL DEODORIZING SYSTEM

The uniquely-designed Zep Scentinel automatic gel deodorizing system defends your environment against unpleasant odors.

Easy to operate, Zep Scentinel utilizes a light sensor which activates the motor to turn the unit "on" and "off" as the room light goes "on" and "off". The indicator light feature, located on the front of the unit, signals you when the battery and gel cup are low and need to be replaced. A quick change of each and you'll be ready for approximately 30 days of odor control. (AC units are also available for battery-free operation.)

For economy, Zep Scentinel features an auto selector switch that

allows you to run the unit in the following modes: continuously (24 hrs.), in the auto setting (where the sensor turns the unit on and off depending on the light in the room), or in the "off" mode (when fragrance is not needed for an extended period of time).

Zep Scentinel provides easy, time-saving maintenance. Convenient solid gel cups prevent spilling and slide securely into place in the dispenser. The gels are specially formulated to effectively neutralize all offensive odors for up to 5000 cubic feet. The attractive brown and beige unit matches any decor, while its solid-state construction ensures a long working life.

FRAGRANCES: Wild Cherry, Forest Pine, Honeysuckle, Country Garden, Mandarin Orange

USES FOR ZEP SCENTINEL: Restrooms, Lobbies, Washrooms, Offices, Hospitals, Hotels, Motels, Smoking Areas, Hallways, Storage Rooms

ZEP AIR FAIR

Zep is proud to announce our newest wave of air-freshening technology. We combined two tried-and-true product lines: Zep Conquer™ and Zep Car Fresh™, into one multi-use line – Zep Air Fair™.
