

McMINN, William Barton (Bill) [UNTD YORK '51 U-51390] (1934 - 1983) Age: 49

There is not a lot of info to go along with this crossing of the bar notice and certainly no obit.

I had come across the key dates some time ago, with no specifics, but recently this was confirmed by UNTDA Member Doug McWhirter who is familiar with the family and their circumstances. Bill McMinn was the best man at Doug McWhirter's 1960 wedding. Bill McMinn had been ill (unspecified) almost from the point of graduation. He was an Engineer and had worked at U of Alberta in IT for some time, before becoming a consultant.

Bill McMinn completed the UNTD program and was ultimately promoted to A/LT(L) RCN(R), sen. 22 Sep '56, O-50472, attached to YORK, and was retired as such.

His son Bruce is currently a Lawyer in Toronto.

His younger brother, Bob McMinn, was also a UNTD [YORK '53] and retired as a high school teacher in North York some years ago. He was a A/SLT RCN(R) with seniority 1956.

It appears that Bill McMinn may have died in the USA.
