"SK8R BOY"

TEASER

FADE IN:

1 INT. CAR (TRAVELLING) - NIGHT (N/1) 1

FBI { Three Sk8r teens drive along in a real beater of a car. The girl in the backseat -- SK8R GURL -- wishes she were Avril Lavigne, the boys both wish they were making it with Avril Lavigne. The boy in the backseat -- SK8R BOY -- is living the dream but SK8R DRIVER, alone in the front seat and a little bitter about it, must make do with glances in the rearview mirror where the amorous couple is swapping a doobie and spit and lord knows what else we can't see. (NOTE TO NETWORK: a "doobie" is a marijuana cigarette sometimes known as "ganja" or "crack." I think.) --

SK8R DRIVER

What I'm saying is in this world, there is the visceral and there is the ineffable.

START →

SK8R GURL

Nobody's totally uneffable.

The car is following a large dump-truck. In the distance, perhaps not even visible yet, they are approaching an overpass --

> SK8R BOY

Virgins are.

SK8R DRIVER

Wrong kind of eff.

SK8R GURL

If they're effable then why are they virgins?

> SK8R BOY

(to SK8R Girl)

You're totally effable.

SK8R DRIVER

You two have zero vocab skills.

SK8R GURL

You're bitter because you're the designated driver and we're not.

> SK8R BOY

What's that even mean? Designated?

SK8R GURL

Obviously it means "sober."
