

It is **CRITICAL**
you make as much
money as you can ...
as fast as you can
in 2025

TIME IS OF THE ESSENCE!!

Donald Trump and Vladimir Putin are just TWO of the many reasons you must prepare yourself now, and one way to prepare is to make a lot of extra money **now!**

The world just became a more hostile place as Putin adjusted the Russian doctrine on the use of nuclear weapons. This took place on November 19, 2024, just two weeks after Trump won the election for USA presidency.

You more than likely don't remember the Kennedy vs. Khrushchev and the Cuban Missile Crisis in 1962. That is ancient history to most of you, but not to me. Although I was just 12 years old at the time, we daily hid under our school desks in case of a nuclear bomb detonation.

Yea, that is a truly laughable idea.

But at the time, it was what we did. And since then, thousands of nuclear bombs have been deployed and are at the ready throughout the world.

Hopefully, we all pray that it will never come to that. But what did happen in the 60's after that, including the Vietnam War, Civil Rights movement, provided more than enough unrest and nervousness that an important lesson was learned.

What is the lesson to share with you today?

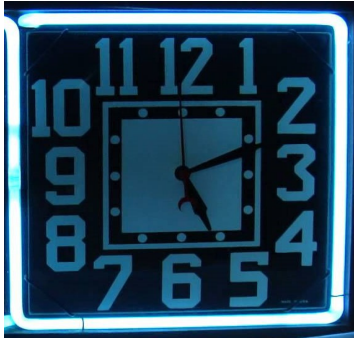

**People with money can make plans and
often avoid the general chaos of the world events.**

And so, the question is, do you currently have enough money, or other tangible assets to withstand the apparent Tsunami of trouble headed our way? Well, DO YOU?

If not, isn't it time to make as much money as you can as fast as you can, just in case? And then, if nothing happens, like with the Y2K fear... if nothing happens, *you'll be in a much better situation with spendable income to use for whatever you want.*

Making more money is a win-win for you, for the economy, and in fact for all of us. We want to

help you make as much money as you can as fast as you can and one way to do that is to have a **cash-cow** side hustle, or part-time business which requires little time or attention.

If it is time for you to get ahead and leave money worries behind, then this may be for you.

I'm not worried about the future, mainly because I am old have lived a full and interesting life, and at 74, there is a lot less gas in my tank than there is in yours. For the past 25 years I have written an end of the year report.

Sometimes with blog posts, other times on the forums, and sometimes, like this one, a full report which I have sold.

This is my **FINAL** end of the year, holiday and Christmas report. So I want to share with you my 50 years of business and money-making activities. And as a thought, I hope you will have peace and prosperity in your lifetime, but if history is any indication of the future, then friend, be prepared for as much as you can.

Now here is the “proper” promotion for **THE FINAL HOLIDAY REPORT**. Fear mongering is over, now for some positive thinking...fair enough?

Includes **obscure** home-based money makers which could put \$5,000.00 a month in your pocket next month.

New Report Tells All

REACH SUCCESS

Hi there. This is Gordon Jay Alexander and this is going to be my **FINAL** holiday

report. Although I have been retired for over a decade, I have remained very active with my business activities, including my time on Internet Marketing forums.

All that is going into my rear-view mirror, and this will be my last Holiday report.

If you have never read any of my stuff, here is a sample Holiday report from the past:

<https://www.dropbox.com/scl/fi/w7o5o7blgk4ud39aq2xn4/christmas52pp.pdf?rlkey=909uei6m6s5t5s45xn6wde6qp&st=g64nlsvz&dl=0>

This new and final report has 3 parts; the OLD, the NEW, and the OBSCURE.

The **OLD** will be culled from over 120 of my information products I have offered over the last several decades, I will try to select the very best **useful information** and present it in a succinct manner. Mostly blurbs from past work.

The **NEW** will be a forecast, a prediction of trends, waves, and future profits and my track record has been very good. Hopefully you could ride one of these future waves to financial independence. Predicting the future in these times is guessing at best.

Then we have the **OBSCURE**. **What the heck is this?**

There are many little-known, seldom discussed, often hidden in plain sight money making opportunities that others are cashing in on daily.

Folks like Colleen Kennedy, Art Weir, James J. Jones, Dennis Quinn, Bill Maurer, and Frantz Pierre. Not exactly your household guru names are they?

Yet these obscure, seldom discussed people have been consistent home-based money-makers for years. Some have DECADES of success. Many of them, like myself, subscribe to a general philosophy of:

FLY LOW AND COLLECT THE DOUGH.

See, not everyone desires the spotlight. Many of us prefer to keep a low profile and just go about our money making days without a lot of noise or fanfare.

**IF YOU WANT FANS, FOLLOWERS, OR FRIENDS,
THIS IS PROBABLY NOT THE BEST REPORT FOR YOU, FAIR ENOUGH?**

If you want to make money or reach success, then it could be of great importance to you.

How and why?

Over 3 decades ago I wrote; I HAVE NO COMPETITION. This is a mindset attitude which has served me well. Today, if you are trying to make money online or off, you will face a ton of competition, it is important to BE DIFFERENT.

The funny thing is, with many of the obscure money makers, so few people even know about them competition is almost nonexistent.

Here are 5 money making ideas from my OLD work:

1. Buying and selling. my work; CHATTELING, tells all.
2. Teaching. A golf business was just one lucrative way to make money.
3. DOING, as in cleaning headlights, we wrote the manual on this.
4. Writing and researching, a still profitable money maker.
5. Information marketing.

Here are 5 money making ideas for the future:

1. Reels and Tik-Tok, why NOT to go all in on this one.
2. PODCASTS, still an opportunity for fast wealth.
3. Buying and selling, the secret will be what and how.
4. The INTERNET OF THINGS-this will make some newbies rich
5. Why skool is so cool and why you need to study it

And here are 5 OBSCURE money making ideas:

1. Hotsheets
2. Cash-gifting
3. Adsheets
4. Specialty publishing
5. Sports gambling and lottery play

Since I have had the FLY LOW & COLLECT THE DOUGH philosophy forever, you may have never heard of me, fair enough, here are some details. It is boring to me, but you may find it useful.

I am a 74 year old retired Creative Marketing Professional. I've worked in remote direct marketing, mail order and on my own businesses for decades. My best business efforts were THE OFF KEY SINGING TELEGRAM service, and J's GOLF COURT, as well as several smaller service businesses like ResumesPlus and Headlight Cleaning.

I have been online since 1985, and full time on the world wide web since 1994.

In 2000 I started, along with Dien Rice, the Seeds Of Wisdom Forum, www.sowpub.com and we've had 24 years of consistent and continuous success. We are a boutique forum which specializes in little known businesses and other money making opportunities. Dien, based in Australia, has been to US, Korea, Indonesia, and Africa with some of his many business ventures. I have traveled extensively in USA to discover people who are DOING IT, making money without a lot of noise, or slop and mess.

I have produced over 120 information products including specialty reports, ebooks, videos, audio programs as well as blogs, forums and off-line publishing.

Listen, the question you really need to ask is, will this report help me?

My honest answer is; I don't know.

It has a lot of information on making money and successful habits and activities, however, I can't do it for you, eh?

I have no idea how committed you are, how driven, how motivated you are to reaching your goals.

I can give you a road map, a plan of action, maybe even a blueprint...but alas, it is up to you to make anything happen.

So get it now or don't. **[BUY NOW](#)**

P.S. If you don't use PayPal, I'm open to any and all forms of payments, send me email with your preference and I'll get back to you within 48 hours, fair enough?
gjabiz@yahoo.com

So. The above is the big time sales pitch. Not very impressive is it?

Look, your 10 bux won't even buy me a decent breakfast down the street, but it could be the cornerstone of your foundation on which you build your financial freedom. Get it or don't.

P.S. This report is a glorified hotsheet with a lot of links, but I will answer all questions at the Seeds Of Wisdom forum. www.sowpub.com
