## OUR HISTORY

Sea Angels Cruise & Inner Wellness Conference is among the pioneers of the conference at sea! We offer wonderful sacred travel and learning.

Each year we search out destinations that provide a learning environment for the spiritual minded traveler. In the past we have explored such diverse realms as Mayan Ruins while visiting Cozumel Mexico, Dolphin Swims while in the Bahamas, Walking the Dunn Falls in Ocho Rios Jamaica, Swimming with the Stingrays in Grand Cayman, the laid back Writer's haven of Key West, the grave ritual sites of New Orleans and various sites where spiritual activity has been reported.

*What makes our cruise different from all other "New Age" or "Psychic" cruises? The teaching. This is not an entertainment cruise, but rather a learning environment that happens to be in the tropics and on the lovely ocean!*

We have qualified professional teachers that give their time to this voyage of learning.

*All participants who attend classes will receive a Certificate Of Attendance!*
