FIREFIGHTERS 

Quarterly Information Bulletin

French Newsletter # 05

January 2016

The office

Pinto – National President WFMC FF

There is just one year, we are launching the first draft of this sympathetic and scalable internal information means at our club.

For those who have the reflex to navigate the international site, they have realized that we provide them with a copy translated into English of course in translation that what it is worth as done by **Google Translation** and its approximations. This has at least the merit to live our activities and other information with all our brothers scattered over the globe who want to take the trouble to go through the lines.

This newsletter is of course the opportunity to introduce you to one and all my best wishes for this year 2016, I will certainly seeming to ramble in my wishes for the new year, but I like to stress health without which we can do nothing; Once again, the grim reaper struck our fraternié with the departure of Roland left to join her son Christopher.

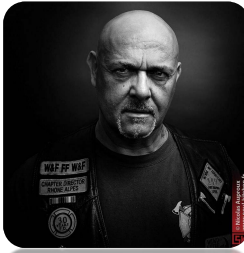

That happiness brightens your homes, it often simply not much, just look around and realize the privilege of living in a country like ours, to realize that good people are there near us .

We were all struck by the horror of the past Popular Events occurring on Paris, like me you have been cruised between sadness and ferocious hatred of those monsters and all that drives them to these ends. But I remind you what our founding president Jerry Eibert "**... ..Our job is no war, no politicgoal saving lives**", these being embroidered on most of our chapters of diamonds, then ' please, for those who post comments on social networks, remain moderate and neutral in your words, the latter associated with the colors you wear are not suitable.

Finally, the winter break being rigorous with the weather and the holidays, the newsletter will not be more provided, that runs season arrives quickly, we certainly all have itchy feet and going in our garages.

Pinto

Gilles – National Vice-President WFMC FF

What about the members of WFMC in January ??

Happy New Year 2016 to all those who are dear, health course, the current situation with the terrorist threat to our country, the messages of warning prefectures on our travels in uniform or is confused Police and Fire tend sealed just our life. Fortunately the club enables us to escape ourselves and live our passion is why I am very attached to him and I devoted a great part of my time. The President talks about having some retained on social networksI have listened to and deleted my Facebook account, it's true that I tended to some excesses on what I read sometimes, I also blame him a lack of privacy and hard to go unnoticed even with a nickname. That's why I'm going to be content to feed the club forum with pictures and comments on my runs to involve everyone.

The season starts in March with the Board Director retrouver sensations of the road that unfolds before your wheels but happiness and this year the 25th anniversary of WFMC which I participate.

Looking forward to see you again

Gilles

Francky – National Secretary WFMC FF

I am writing this note to convey my best wishes for 2016.

For this new year, I wish you and your families health especially, a little money, with much happiness to share because we have much need.

You to enjoy good times with friends and family.

2015 was a good year with the club. Let's bring together, on the same 2016 vintage. Feel free to send me your contact changes to maintain our listing. See you on the road. Bro

Francky

Dom – National Treasurer WFMC FF

I take this bullinfo to wish an excellent year in 2016 to you brothers of WIND and FIRE, your families and all your loved ones.

2015 was for me a year of change and always fun to see you in our multiple occasions (runs, AG, et1autres ...) In these difficult times, our family solidarity is the most important. Remain united, we do not know what the future holds ...Enjoy our pleasures.

Yours

Dom

James – National Secretary-Adj. WFMC FF

Hello to all and all, Burgundy has joined me and wish you an excellent 2016.

As in 2015 we will participate addition to official runs, local events I indiquerais dates you pretty quickly. See you soon. Bro

James

NATIONAL

**Inauguration
Chapter #189 Reunion Island
October 2015**

I had the chance and privilege to represent you at 10am flight over this beautiful island to formally inaugurer this beautiful chapter. I will not tell you about my journey on this newsletter because it was the subject of a special issue of November.

discount gift

The check for € 2,600 from the National Collection in 2014 was finally handed, with some delay, by James, our assistant secretary, at work in the company of Pupils Chapter # 138 Burgundy.

Activities

**Rebate check
Chapter BOUGNATS #158**

On Saturday 21 November, 2015, the Chapter Bognat, put a check for 1,000 euros to UDSP 63 orphans sections, amount of everything we had collected during the year 2015, during our outings to Courpiere, Mende Tallende. The UDSP 63 and myself thank the participants in these 3 actions! Hope that 2015, in the same vintage.

Journal "La Montagne" du 30 Novembre 2015

DONS ■ Un geste des motards au profit de l'orphelinat des sapeurs-pompiers

L'association de motards Wind and Fire MC - Bognat Chapters a remis, le samedi 21 novembre un chèque de 1.000 € à la commission des orphelins de l'Union départementale des sapeurs-pompiers du Puy-de-Dôme. Cette remise de chèque s'est déroulée sur le site du Sdi 63, en présence de Pierre Ribeyre, président de l'association de motards et du lieutenant Jean-François Barilli, président de l'UDSP 63.

The Doc

Toy's Run in Eyragues (13) – December 12th

EYRAGUES Toy's run : une belle pensée pour les enfants hospitalisés. Comme chaque année depuis maintenant 4 ans, un "Toy's run" est organisé par le bar le Toril. Le but est de collecter des jouets pour les enfants hospitalisés à l'hôpital d'Avignon, et de les leur remettre en se rendant au centre hospitalier en Harley Davidson, motos, mobylettes. Départ du cortège (et d'un véhicule qui transportera les cadeaux), à 13 h 30, le samedi 12 décembre. Un verre de l'amitié sera offert ce jour-là à toute personne apportant un jouet neuf et emballé, date de cet événement rock et solidaire. Des photos des remises de cadeaux aux enfants seront ensuite publiées sur le site du Toril. (www.letoril.com).

● Rugby : le RCE reçoit le Stade phocéen. Contre le midi de la D...

An audience of beautiful souls invited to a snack offered by Céline our bar-holder "The Toril" waiting to take the road to the hospital in Avignon.

Good communication, an effective word of mouth and especially the reputation of this Toy's Run which is well established for 4 years helped to reconvene bikers from all backgrounds come to bring their toy to benefit hospitalized children.

US vehicles collection close the convoy of some 70 motorbikes of all brands.

This year, in parallel, volunteers graffiti artists came decide their talent, for delimiting the panels rest area teenagers, paint bombs being offered by Chapter # 157.

The regional press has once again welcomed the efforts of our brothers and supported by a multitude of different clubs and biker unlabeled.

1 cart loaded with gifts, little break to capture the événement and forward to the pediatric ward with a few volunteers for distribution

To welcome the presence of Our Géraptor came to reinforce our ranks Rhone-Alpes # 149 whose other members accustomed to Toy's Run was unfortunately unable to break free this year.

Les motards du Wind & Fire MC 157 jouent les Pères Noël

Qu'elle animation, samedi après-midi à Eyragues ! Pas moins de trois événements ont en effet eu lieu au cours de la 1^{re} journée de Noël de l'association des commerçants et artisans. Nian a organisé, en collaboration avec les pompiers locaux, et le Toys Plus organisé par Céline Rolland, la sympathique patronne du bar le Toril, en association avec le club moto Wind & Fire MC, présidé par Bernard Pons.

Ce rendez-vous, qui permet de recueillir des jouets pour les enfants malades, handicapés ou orphelins, a vécu sa 4^{ème} édition. Et il se termine sur succès et vieilles idées des espérances des bénévoles. L'après-midi par le nombre de jouets remis grâce à des dons en espèces. Plus de 1000, auxquels il convient d'ajouter les milliers d'autres jouets au Japon ou au bon état et d'accueil, qui ont été remis aux centres d'accueil de ces enfants pour leurs espérances réalisées.

Enfin, par le nombre de motards, venus parfois de loin (Lyon, Dragage, Mios, etc.) qui ont participé au transport d'une partie de ces cadeaux à l'hôpital d'Avignon, et ont partagé un buffet organisé et offert par Céline. Les Wind & Fire MC Chapter 157, accompagnés de véhicules des superpompiers des casernes environnantes, dont ils font partie, et des membres d'autres clubs régionaux venus en renfort, chacun a épuisé son énergie pour jouer les Pères Noël.

Plus de 10 000 jouets neufs sont remis gratuitement de cette manière à l'hôpital d'Avignon. L'association 'Vieille souille, notre espoir', est chère à Santa Pradier, sans oublier tous les bénévoles donateurs (plus de cinq cents). Cette année, la distribution des jouets se fait en plusieurs temps, et début de novembre dernier. Nous avons ainsi déjà offert des jouets au foyer Les Malins Bleus, qui héberge plus de 20 ans d'enfants d'adolescents de 2 à 20 ans entre Arles, Châteauneuf, Tarascon, Mais don't au CAMPS à Avignon, confiant Céline, tout à son bonheur, à l'heure de prendre le départ pour le service "Mère-Enfants" de l'hôpital d'Avignon.

À cette occasion, le Chapter 157 des Wind & Fire MC a également offert une bougie de Noël à tous les patients de l'hôpital hospitalisés et réalisés gratuitement par Marc et Dina, deux jeunes graphistes avignonnais. Les pompiers leur ont fourni les bombes de peinture.

La journée s'est conclue par une visite à moto dans la région avant le retour au bar du Toril

Chacun a apprécié un concert acoustique du groupe Seekers. Je suis allée acheter d'une petite fille de deux ans lui remettre un jouet. Quel bonheur de voir le sourire la joie sur le visage de cette petite merveille. Et c'est sur le chemin, elle m'a dit : Merci je suis comblée, le vent se fait un coin. Et elle se précipite sur son bras en me faisant ses yeux bleus. C'est un moment de bonheur. Il est l'essentiel de la vie", a raconté Christian Gaudin, une des participantes, encore émue.

Et ça continue ! Le 16 décembre, à Saint-Etienne

« South Brother », régi par l'asso Skull Crew, Fire la Bête l'association pour faire découvrir la nature et l'aventure, l'Indépendance Team (groupe d'amis passionnés qui se rassemblent pour faire des balades en moto), l'Association Family Motor, le MC Saint-Rémy, Gladiateur Upernum (organisateur de l'événement American Bike, à Beaucaire chaque 1^{er} mai, et de plusieurs actions humanitaires). K.C.B.

The evening ends in a rock and roll atmosphere and very well deserved ... watered!

The toys off having started a few days before and a week after being extended in various children's centers in the region.

F.D.

Chapter ATLANTIC COAST #166
to the association :
« LES PAPILLONS DE CHARCOT »
(butterfly charcot)**

The association of Charcot Butterflies was born in January 2006, at the initiative of patients with ALS, amyotrophic lateral sclerosis, or "Lou Gehrig's disease," and their relatives.

ALS is a disease characterized by degeneration of motor neurons. These are the nerve cells that control voluntary muscles our (walking muscles, breathing ...), which are atrophied die. It is difficult to quantify this disease, although it is estimated that 8-10 000 people would be affected in France, with 3 to 4 new cases per day. No curative treatment to date, the average life expectancy of patients is between 3 and 5 years although a small percentage live beyond 10 years. The disease comes in two forms:

AVIGNON | La section "Wind & Fire" Paca offre 900 cadeaux aux enfants hospitalisés

Les pompiers motards jouent les pères Noël

Partis de leur siège avignonnais dans le Nord des Bouches-du-Rhône, une centaine de pompiers motards du "Wind & Fire MC" de Paca ont rallié l'hôpital d'Avignon pour distribuer des cadeaux aux enfants de l'unité pédiatrique, comme ils le font depuis quatre ans.

Ils et elles sont pompiers, motards et ont un grand cœur sous leur blason de cuir noir. Les bikers de la section "Wind & Fire MC" de la région Paca ont, pour la 4^{ème} année consécutive, joué les pères et les mères Noël pour les enfants malades de l'hôpital d'Avignon.

De Menaço à Barbentane, de Dragagnan à Eyragues, en passant par le Gard, le Dôme est-ya, une centaine d'entraîneurs sont venus pour distribuer leurs jouets, hier après-midi, aux 35 enfants du service pédiatrique d'Yves-Duffaut.

Des cadeaux pour toute l'année pour les enfants hospitalisés d'Avignon

« Notre unité compte 60 lits et il y a tellement de cadeaux, que nous pouvons en distribuer tout au long de l'année », se réjouit la chargée de communication de l'établissement Marielle Petit de Granville. « Soit pour les anniversaires, soit quand un enfant subit un soin d'urgence ».

La collecte des motards a aussi permis de financer une fresque sous un patio de l'université. Elle a été réalisée gratuitement par Marc et Dina, deux jeunes graphistes avignonnais. Les pompiers leur ont fourni les bombes de peinture.

« Le reste des cadeaux est distribué à plusieurs autres associations, comme celle de Sonia Pradier, "Vieille souille, notre espoir", qui lutte contre la mucoviscidose, la Sadrey, le Centre les Malins Bleus, Saurin ou le foyer Pomerol à Saint-Étienne-du-Grès, et c'est que du bon droit », liste Céline Rolland, membre support des "Wind & Fire MC" et mère Noël à ses heures perdues.

La section Paca reprend ainsi une tradition caritative héritée des bikers américains, à Notre "Toys run" au profit des enfants hospitalisés néo-croisés de son développement et c'est que du bon droit », conclut le président du "chapter", Bernard Puchon.

Jeune-Françoise GABRIEL

vauclusamatin.com**

➤ Spinal forms: lower limbs and / or upper affected

➤ The bulbar form: functions of swallowing and speech affected
Eventually these two forms that meet, then the person is a prisoner of his body, totally dependent on his surroundings and unable to communicate verbally or gestural. However, the patient retains all the intellectual faculties and that until the end, because the brain is not a muscle. The main objective of the association is to move patients from their isolation, awareness of ALS and other motor neuron diseases, recognition of the rights of patients, educate medical bodies, administrative and policies so that s' invest in research and help improve the daily comfort of the patients and this by any means, be it media, sporting events or otherwise.

For 4 years, the association wants accelerated its development by creating close to antennas on the whole French territory. Since November 2011, two antennas have already been created in Britain and in the Poitou-Charentes region and a third will be created by year-end. They allow patients and relatives of patients to meet the considerable needs for support and care on a daily basis thereof. These antennas are meant to be a place for dialogue, support, listening, advice but also resources for patients and professionals alike. So that these antennas can function, it goes further that financial and human resources are necessary and indispensable. We will not forget to talk about the making of kikoz, communication tool, survival manufactured and sold by the association for people with ALS who can not communicate verbally. Medical research, has in recent years very strong growth but even if we are all confident that this research will one day

fruit, waiting for that great day the national association can not sit idly by. The daily life of patients and their families is a priority and time is short. The support of dynamic volunteer teams at the head of events, sports or other (Running to the other), and in collaboration with nearby antennas, participated in the project completion, with the slogan and colors ALS, in order to recover the financial means to help the national association, in order to weave the France of nearby antennas, communicate and publicize the SLA, build and improve communication tool called kikoz and equip these antennas materials. To that help these patients to remain worthy, not to feel a burden to their family carers, their families, caregivers and professionals, but also a burden to society, so that we offer these people another future but also to those who will be diagnosed tomorrow, let us be united.

The transfers

RHONE ALPES #149

RESIGNATIONS :

Merle Bruno resigns as president of chapter function for personal reasons, he will continue to work as a member. His successor will be elected at the next chapter of the internal meeting.

TRANSFER :

After asking his agreement by the national office, **DELAIGLE Charles-Eric** leaves Chapter # 149 to # 138 Chapter **BOURGOGNE**
