Gilles – National Vice-President WFMC FF

The season is in full swing, difficult for everyone to be on all fronts, especially as this is a time when choices are many for a date.

We are a recognized and respected MC International Nations by 1%, that is to ensure we continue our behavior to deserve it.

I am delighted to see our brothers represent our fraternity regularly throughout the territory, compliments and positive feedback are many, you show, most of you, a craze flawless and wear high the values of our colors.

Following recent events overseas, I remind you that for years, we demonstrated exemplary neutrality to all clubs we meet, as in our corporation that commands respect, we must be a duty reserve, everything can be distorted and amplified. We are a big club, we behave as such!

Pinto

By joining the WFMC we are committed to respect our laws and regulationsmalheureusement some, over the years, have forgotten themlack of investment in the chaptersmore than 2 absences unmotivated to AGthe worst is especially at the time of the resignation or wordsduty and brotherhood disappear altogetherwe have seen with all departures from previous years.

Continue to keep the spirit of conviviality that drives us allbut with a minimum of discipline.

The General Assembly is fast, do not wait the last moment to your contributions.

You are all responsible members and you can imagine that it is complicated and making use of having to chase after people to finalize the overall collection.

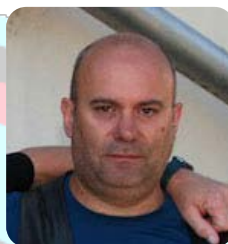

Send your check to your chapter president who will give me all the regional member

contributions.

A check if it is mentioned on the back, may nevertheless be redeemed at a later date if one of you wants.

South Vintage Festival Trets (13) 16 and 17 may

1st edition for the festival under the banner of family conviviality in the heart of Old School.

Activities

Country Festival Saint Remy de Provence (13) 8 and 9 may

What a joy to meet once again at the festival in the heart of Provence in the rhythm of the country and cicadas. Weekend which traditionally results in the presence of the Jeep Willis which makes Fanny baptisms at the same rate that our big twins.

Chapter # 157, reinforced by the Swiss Stéphane President and Chapter Rhône-Alpes, were invited by the organization to set up a booth to perform baptisms for the benefit of our orphans.

A beautiful setting that allowed for more than 240 baptisms in the weekend.

Alongside all kinds of vehicles in a bucolic atmosphere.

A rewarding festival in every sense of the term was unanimous and that we take time for the next edition.

**Week-end bien rempli au Chapter #189
Reunion Island !**

15, 16 and 17 may

Action 1

15 and 16 may 2015 :

We were invited by the municipality to represent the stamp Wind and Fire MC around our actions on behalf of disadvantaged children and the work of the pupils.

Held a photo booth proposal for children on our beautiful harley with a firefighter helmet. Despite a little rain stand worked well. Even the mayor of the town of Tampon,

André Thien Ah Koon played the game of the picture.

Positive. The Reunion population discover our MC and seems to appreciate our actions.

Action 2

Ride for firefighters orphans
« Reunion Island » - 17 may

First edition of this day "Ride for firefighters orphans"

We solicited various motorcycle clubs of the island to participate in this action. Each club has its release and has committed to pay € 0.10 per kilometer and per rider for the benefit of the work of orphans. We found all the participants around a friendly drink and a little concert offered by the Chapter # 189 in our support restaurant, the Fish Rock Cafe in Saint Peter at the end of the day.

Run of # 189

Starting point: the coffee station in "Saint-Pierre".

A specifically female motorcycle club joined us for this event, "the Biker Sauces". Heading south towards the first wild lava flows. The sun is by appointment.

Back to our support restaurant to accommodate all clubs who participated: the "Satudarah MC", which gave us a gift marking the respect they have for our colors and our actions,

the "Buccaneers Brotherhood", the "Black's River," the "Sauces Biker", the motorcycle club of the National Police (CMPN974), and some independent bikers. Thank you to everyone for their participation. We will renew :)

**DAY AGAINST CYSTIC FIBROSIS
Occitanie #136**

For a summary Firefighter from side to center of Mazamet to his 5 year old son sick. His father for some years organizes walks, mountain biking, and equestrian enduro. This year came to graft bikers "Millau Viaduct" that raise money by touring France. Passing through the area we have therefore escorted to Toulouse.

Among us, the "Hdc Keltia" South section and our future "hangaround" of Occitania.

**BRESSPOULOS
Louhans (71)**

A festival whose date is unavoidable when the brothers of "Bourgogne", "Rhône-Alpes", "Bougnats" and "East Zone" could be under a milder weather.

A faithful Festival reputation where we even had the opportunity to clean his ... Big Twin !!!

Note the presence of Christophe of "Reunion Island # 189" which was once again the one week trip to share with us.

It will eventually keep it in Metropolis.

LE BEAUSSET Provence (13)

Contacted by the owner of a 5-star campsite for a weekend under the theme "Cowboy," we ended up on Friday night under a deluge which left us, despite the presence of our northerners the "Rhône-Alpes" perplexed to the idea of spending a weekend to do baptisms.

ROCK FISH CAFE Reunion Island (974)

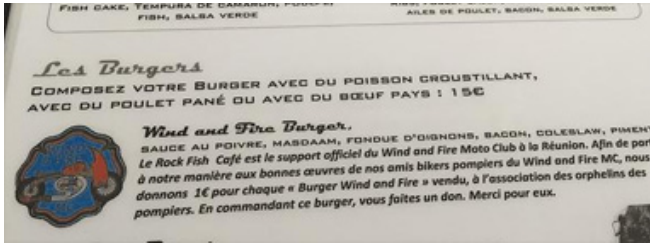

A beautiful combination just seen the day officially.

The Rock Fish Café (restaurant / bar) is supporting the Wind and Fire MC Reunion Island Chapter # 189.

The weather was finally sunny all day, which allowed us to rotate along the famous circuit of "Le Castellet".

We celebrated it at a party on June 19 with our friends bikers ("the Satudarhs MC", the "Black's River," the "FFMC" and independent bikers) who came for the occasion to discover the biker menu Wind and Fire MC.

Menu consists of a beer, burger Wind and Fire and a coffee for €18.

Namely that for every burger sold Wind and Fire of 1 € is automatically donated to benefit the work of the pupils.

For next year, the festival will be shifted by one week, on 1st of July weekend

So it is a great step in that day. We are very pleased to have the Rock Fish Café on our side in our charitable activities. A support panel has been set up to seal this association.

BOURGOGNE #138

More and more local activities in Burgundy day us, old car bodies, sixties, party of the bike, the Madonna of the motorcyclists etc. The WFMC is present every time and can be an official run for 2016

James
