Quarterly Information Bulletin

French Newsletter # 04

October 2015

The office

Pinto – National President WFMC FF

Already last year, and I always feel as much pride and pleasure to serve you. We will not make an assessment on this bulletin, the minutes of the national meeting will suffice.

Still french meeting weekend under the sign of fraternity and conviviality. Always this feeling of enriched myself in contact with all of you, each bringing its values and qualities.

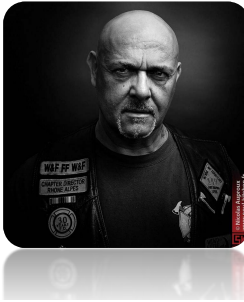

Special thanks to the members of Chapter # 166, whether members or followers WFMC, they worked together to make it that weekend was that kind of moment from becoming a "bursting heart" where goodbyes "drag on history to make even last a little pleasure shared during these two days.

Once again hats off to km bitumen absorbed by some, but upon arrival, the same satisfaction and displayed a smile on all faces, the joy to meet, to see the brothers.

This newsletter will be for me, once is not custom, the opportunity to put forward our companions. Be they wives, concubines or girlfriends, they live, and sometimes, suffer our passion for this club. Accepting certain our repeated absences, seeing us trépinier some time before, observing a time our recovery; for others, supporting hour drive, braving the elements, sometimes spending hours without being able to approach their "man" too busy talking "scooter" and toast to the "Jack". Female firefighter is already a daunting task, when more it is "Wind and Fire", then I say "well done ladies!"

Gilles – National Vice-President WFMC FF

After last year we hope the club as it currently operates match your expectations,

We must not forget why we're here, enjoy this reunion to share these moments. Our profession reminds us to order too often ... Let's enjoy our families, brothers, friends and of course bikes ...

certainly a little more rigor with our jackets "revamped", but also more information and projects our club to advance to the rank of major international MC.

And yes been a year, time passes too quickly, especially in retirement, enjoy your youth ...

A year already spent in the office, I feel like yesterday.

After this National Meeting, which as every year brings the pleasure of meeting again and ride some time together, I wanted to thank all the brothers, especially the presidents of chapters, for honoring my request recovery checks of annual dues.

Despite the steady work that provides, pleasure is still present and more at our annual gathering in the lands of chapter 166. I also want to take my hat, they have risen to the challenge of organizing our meeting of a master hand. I know it is not easy thank you to this passionate team.

To date, I lack a contribution on all and I am very pleased not to have to "cry" my checks. Again thank you all for the trust you give me, I will do everything to continue to deserve it.

The minutes of the National Meeting will follow in a few days you will find an outline of our meeting.

Kiss

Dom

I would conclude simply by saying "do live your respective chapters." The walks, meals, meetings and trade are the basis of our gathering.

And a visit with our brothers in arms before departure.

Superb weekend, even though for me, the trip was done by car, but we must take the stand balance sheet: 84 baptisms, 55 on Saturday, made by by only 4 motorcycles and 4 drivers: Philou thank you, Joce, Olivier and Fred helped on Sunday by Pierrot, come lend strong hands and watering his new patch One regret, little presents Wind (at the occitanie fact, we apologize for trespassing on your land)

**Real Croche - #136

Saturday was very quiet little baptism Sunday is a little more interesting with the sale of T-shirts and baptisms all afternoon.

The positive points:
- The beautiful home of fetes committee (again led by firefighters or former firefighters)
- We were housed and fed (Friday night accommodation and Saturday evening) and Saturday lunch, Saturday evening and Sunday noon without DELIER scholarship
- A check for 400 euro for the ODP

Go and taken for next year, one day the first Saturday in August, we will be there, as at present hold of this date in your diary

A évènement now unavoidable in the region and in the WFCM FF schedule. This year was unfortunately dampened by a Saturday under the downpour that has nothing tarnished the good humor and a barbecue and a now legendary welcome.

We have been delighting young and old :)

Fortunately the weather was warmer on Sunday and baptisms were chained with a select committee, the brothers of the other chapters have returned to their respective regions.
