The office

Pinto – National President WFMC FF

The National Meeting approaching, do not lose time to book quickly so that the chapter organizer is not caught off guard.

This is an important day for all of us the opportunity to meet many of the brothers, sharing good times again, take stock of the past year and draw the outline of the next. Those who already work for the organization of such a weekend know it is tedious and requires a lot of investment to accommodate more than a hundred members. Do not wait for the deadline for reservations and try as much as possible to make a combined attack by Chapter, it will make it easier for our guests. The opportunity also to fulfill your annual fee, I remind you, has not moved since the Chapter France.

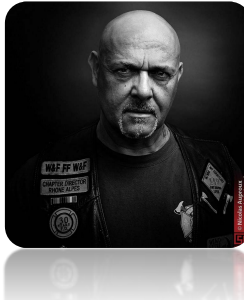

The outputs of the season in full swing and I enjoy watching your photos and

comments on social networks and the national forum, the WFMC is represented in numbers throughout the country, it's a good thing for the club's image. What is less certain external representatives are returns on knowledge sometimes live flouted. We are a leading club, representing a beautiful corporation who sometimes forget the basic courtesy in failing to acknowledge other representatives of clubs. We have earned enormous respect from the biker world through our charitable initiatives and in general by the image that we convey, it would be a shame to waste all this because some stare small clubs or turn their heads at the sight of a member of 1%.

Respect is not imposes, it is earned by our behavior and it is also important to keep!

Pinto

Gilles – National Vice-President WFMC FF

I take advantage of the publication of this bullinfo to remember a few rules: the file for the official registration in the US of a new member must be complete and accompanied by the three checks, Chapter Presidents are "guarantors" that the applicant fulfilled all the conditions to return to the club (WFMC commitment and compliance with our regulations).

This year, I received incomplete applications and lack of information about the candidate since when hangaround active participation for the club, charity run and attendance at AG ?????

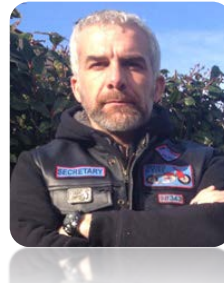

The National President gave a reminder of some of absenteeism, and I completely agree with that Jackets are starting slowly to get rid of all foreign patches to WFMC, now to meet our statutes and regulations "are clear and limpud"3 weekends a year devoted to the club even more if you have the time and motivation !!!!!

I stop here the rest will be debated at the end of the GA.

And it will be a pleasure to meet you on the runs that we have yet to do or the AG to close the season.

Gilles

Francky – National Secretary WFMC FF

Hello sisters and brothers,
The season is well under way, I hope you enjoyed between siblings in your Chapter.

The National Meeting shows its face. I hope to see many of you for this good time with our brothers of the chapter Euskadi Béarn and to allow me to update my list of members.

As you know I can make the connection with the freeway magazine for all your events you are organizing within your Chapters.

Francky

Dom – National Treasurer WFMC FF

Hello everyone,

The season is well underway, despite a fall climate.

For my part, it is the sun that dominates because it is the time of contributions. What more would a treasurer?

I look forward to seeing you at the National Meeting, and spend those moments of pure intimacy with people you enjoy.

Pamper your mounts, watch out on the road and share this happiness than riding with pals.

See you soon for some, and very soon for more of the runs. Summer begins...

Dom

RUN OCCITANIE

May 05, 06 and 07

To Naucelle (12) Chapter #136

A Run is beginning to take its brands to become an important date in our calendar. Nothing to say, all the ingredients are there, a warm welcome, flawless organization despite wind as powerful as the generosity of our Occitan brothers who concocted an atmosphere worthy of the finest Farias. We were able, at the same time, honor (usually May 1) our fallen brothers in the company of Chapters "NANTES" "FIREHOUSE CENTER" and "VETERANS SPDF" led by Fred the founder president of the first chapter "France" . A day that has brought us to a contemplation to the sound of "Amazing Grace" on the bagpipes and a wreath-laying at war memorials in St Cyr Lapopie who reminded us how important it was to take advantage of us.

whose prize was a ride Mustang driven by Ber our Prez Chapter of Provence.

It was like every year a beautiful weekend with many baptisms and many gifts !!

MY FRIEND

Le chapter Occitanie des Wind & Fire MC a organisé du 5 au 8 mai son traditionnel run. Une vingtaine de motards du club ont répondu présent malgré le vent. Au programme balades, bonne humeur et retrouvailles avec les frangins des chapters Atlantic Coast, Bognat, Bourgogne et Provence sans oublier le bureau national. Un grand moment d'émotion également lors de la remise de gerbe aux monuments aux morts de Saint-Cirq Lapopie réunissant le "Firefighter France", les "Vétérans SPDF", le "Nantes" ainsi que le "Fire House Central", des retrouvailles à l'occasion du Memory Day. Cette journée à la mémoire de nos frères décédés étant dorénavant officielle. Une cérémonie très émouvante au son de la cornemuse sur *Amazing Grace*. Francky Wind & Fire MC France

SOUTH VINTAGE FESTIVAL

13, 14 et 15 mai

à Trets (13) Chapter #157

Whit weekend in Trets, in Provençal land, was the baptismal record of the witness made in the Chapter Provence, the weather had been warmer, the crowd of nearly 10,000 people for this wonderful festival, now must in the region, allowed to approach the threshold of 900 baptisms in favor of the work of the pupils of firefighters. Chapter reinforced by the Rhône-Alpes brothers and the presence of national presidents France and Switzerland and Vice President France, has once again discover a world previously unknown to a majority of sympathetic visitors, all in a rustic and bucolic.

To the delight of young and old alike, the sound of "Big Twin" silenced, Scent of a Woman, the cicadas for a noble cause, that of toddlers of our fallen brothers in arms too early.

SOUTH FESTIVAL VINTAGE À TRETS

Le week-end de Pentecôte à Trets, en terres Provençales, a été le témoin du record de baptêmes réalisés au sein du Wind and Fire MC Chapter Provence. La météo ayant été des plus clémentes, l'affluence de près de 10000 personnes pour ce superbe festival, désormais incontournable, a permis d'approcher la barre des 900 baptêmes au profit de l'œuvre des pupilles des sapeurs-pompiers (ODP). Le Chapitre, renforcé par les frères du Rhône-Alpes et la présence des présidents nationaux France et Suisse et du Vice-président France, a une fois de plus fait découvrir un univers jusque-là inconnu à une majorité de sympathiques visiteurs, le tout dans un cadre champêtre et bucolique. Pour le plaisir des jeunes comme des moins jeunes, le son des Big Twin a fait taire, le temps d'un week-end, le chant des cigales pour une noble cause, celle des bambins de nos frères d'armes disparus trop tôt. RUN EUROPEAN GUNFIGHTERS MC

May 21 - Fréjus (83)

Wonderful evening Saturday, May 21 at the Run of the European Gunfighters MC where we could cross their brothers US, English, Swiss, German, Belgian, Italian ... representing over 200 members of the security forces.

It was an opportunity for them to formalize two new chapters Marseille and French Riviera and deliver the "full-patch" to a dozen members, some gift given to the chapter organizer in the middle of an evening roundly organized and punctuated by an excellent buffet and the inevitable concert Rock.

I was accompanied by our "chief Follower" Kamote proudly wearing its colors and official Patch "FOLLOWER W & F", our Sergeant national arms and Lolo, Road Captain # 157. A beautiful evening for a beautiful brotherhood that will, I think, to expand as fast as a bullet struck off their service weapons.

We saw all the meetings around the table of Sons of Anarchy

We all saw the winners of the France rugby championship brandish the Brennus Shield

So when you have the chance to know Elvis, a Quebecois friend living along the lake Pohénégamook and who does things like that,

one can only be tempted to order and that the work

A Nanar for Chapter "Atlantic Coast" is a great buddy of Elvis and one for me, but the two are still unique designs through a tiny detail we will reveal if you ask us.

We can see that Elvis had very strong links with the Wind & Fire during his stays in France, notably in 2010 and I had met him at a run in Rochefort

Nanar went to Quebec in February and he has brought the two plates. And April 9, I could take possession of the mine during a weekend in Charente Maritime

And now she is prominently.

Thanks Elvis, Thanks Nanar, Thanks Alain & Mallo
