The office

Pinto – National President WFMC FF

A Big thank you to the Chapter # 171 Euskadi-Béarn to the Meeting 2016 conducted smoothly in this beautiful country of Aquitaine.

Organize a French Meeting is not easy, the desire not to leave anything to please everyone, the various grievances of each other ...

The companions and wives have not been idle and have managed to roll up their sleeves and make themselves available, thank you to them!

The meeting made me aware of how the club over the years, a notion of fraternity that is accentuated As the awareness of all these values and beautiful people that make this club is appreciated by the "world" outside. Each of you, by his behavior and actions, forge the image and reputation of the Wind and Fire MC, I know how you're proud to wear these colors up, the extension of your professional priesthood on a Big Twin.

This weekend in the Pyrenees-Atlantiques allowed me to sweep the prejudices of the political world. The meeting with the mayor of Arette, Pierre Casabonne, offered me a different view than perhaps an elected, beyond all labels, usability and a welcome to take an example, a mayor who has multiplied hats, Mayor, DJ, storyteller without omitting the fact that he came to serve us coffee in the morning during the Board intoning "the Mayor knows how good coffee, the Mayor can do great coffee".

Thank you Mr. Mayor!

Finally, a highlight in emotion and symbol for my modest person, a little girl came to me shyly pose for a photo with him to get orgueillir then with his mother, while the symbol of what we can convey his thanks, his smile and his bright eyes have only reinforced this why I ride with you!

Dinta

Gilles – National Vice-President WFMC FF

Francky – National Secretary WFMC FF

The season ends with the AG in the Pyrenees Atlantiques, friendly small town of Arette or I will remember the mayor and his song, the morning of the meeting of Presidents chapter "The Mayor knows how good coffee, the Mayor knows make good coffee "..... this .exceptionnel elected.

As told the secretary that passes too quickly and winter will be long before new power ride our horses !!!!! At your disposal for orders to US or patches on our territory as well as for registration of new members, be sure to give me a complete file.

Congratulations to full patches that should wear our colors with pride and honor is our uniform.

Congratulations to our new National Sgt At Arms that willI have no doubt live up to its function.

Soon for new adventures.

Gilles

Hello everyone. First, I would like to thank the Chapter Euskadi-Biarn and their companions for hospitality and

organization of the weekend on their land.

Hat really friends !!! Everything was perfect, even the weather was with us. As every year, our French Meeting passes too quickly. Both the weeks before the reunion are long, so this weekend is too short.

At our annual meeting, we were 71 members have responded. I congratulate the members who received their colors or their new roles within the club. You have managed to grow within our MC, now you wear them proudly and with dignity. They are your brothers in arms. This is not a simple patch that is added on our jackets but colors or functions recognized in the middle MC from other clubs.

I am always available to the various issues and to go to the magazine "Freeway" your activities. Feel free to email me with a short report and photos to feed the page readers. In the coming days, I will contact the magazine "Fireghters of France" to be able to transmit their Club activities that will make themselves known within our corporation.

Following in the next issue ...

Francky

Dom – National Treasurer WFMC FF

The French Meeting passed and return so quickly shot me a tear in the eye, in fact I got soaked half back.

Treasurer of labor output, where I have to be as rigorous as possible, what happiness to see you again. I spent an extraordinary Meeting in a warm and friendly.

Our fraternity is huge, and it is not called the brothers for nothing! I JUST LOVE IT !!! A big thank you to Regis and his team for all the work done. Congratulations! Welcome to all new Full Patches that I have no doubt bear with dignity our colors. Congratulations also to new Weapons Sergeant who will find the words to restore the "failed".

The motorcycle exits will seriously slow down the following month, but nothing prevents us to see over a ballad or a travel in our beautiful regions. Be careful, watch out for you and your family, we love you.

Soon the brothers

Dom

Laurent – National Sergent at Arms WFMC FF

For my first newsletter as Sgt at national arms I want to thank the Chapter for this Biarn-Euskadi AG conducted smoothly, until you have excellent timing for the transhumance of cows at the ceremony !!!!!

All my congratulations to the new patched and the brothers who received new functions, you will wear, I am sure our high values of fraternity and friendship.

I would like especially to thank you for the trust you have placed in me and be assured that I will take to my new function better. My first act as Sgt at arms has been left not without a big pinch in the heart, the chapter # 157 in order to devote myself 100% to my function neutrally, objectively, with respect to 11 chapters Firefighter France.

I am at your disposal for any questions regarding the rules and customs that govern a club MC.

Like all looking forward that you're on the road.

Fraternally.

Laurent

NATIONAL

FRENCH ANNUAL MEETING

As every year, the bulk of the troops arrived on Friday evening, everyone hurries to get his bed, put the bags and steering bar, the meeting is primarily an opportunity to meet the brothers, some too geographically distant and toast all together. The latest recruits are rather on the reserve and observing ancient inclined, them to remember their various feats.

The Board is this year in the morning, 8:45, difficult for those who made themselves trapped to have a cool and watchful eye, whatever, the Mayor of Arette door in person his coffee and allow us to debate some topics for the coming year.

The meeting will quickly, a presentation of the moral balance projected on a large screen by our national secretary, virtually no questions, unbelievable thing for those who have experienced some record AG ... Time for a little over a meeting time that we lets go ask for the traditional family photo.

Then comes the distribution of different orders, photos printers, safety harnesses for children at Harley baptisms, jumpers for road safety ...

Presentation of the new look of our support vehicle.

And distribution of gifts for each member on the occasion of the 15th anniversary of the club on the French territory, a choker with the colors of our fellowship.

The Run in the area in the afternoon will be the occasion of a very interesting visit to the craftsmanship of the famous "Sneakers" in a factory Moléon 1850.

And a small tasting of local cheese in the barracks of the village.

Back in the village of Arette for the wreath ceremony.

We could then attend the presentation of wood engraved plates to the founders and presidents Gaulois and Doc for 10 years in their respective chapters Provence # 157 and # 158 Bougnat well as previous National Presidents have to work for the club the occasion of his 15th birthday on the french territory.

This was followed by discounts of colors and patches as expected

After a souvenir photo with the local authorities, we got to the reception offered by the Mayor.

The evening will, as usual, focused on usability and exchange with the key to a high-end concert where some have even taken to the game of "Air Guitar"!

Sunday will be the theater of 'goodbye', some with a few miles to swallow to return home.

We will have the honor to be pictured in an article in the local newspaper.

SOLDATS DU FEUL es pompiers de Wind and Fire en rassemblement national.

De pacifiques rugissements ont retenti dans les rues du village durant le week-end dernier. Ils émanaient des puissants moteurs de 120 luxeuses Harley Davidson pilotées avec un évident plaisir par des sapeurs-pompiers membres du Vind and Fire Moto-club. Venus de l'ensemble de l'hexagone, ceux el avaient chois i Arette pour y tenir leur annuel rassemblement national. national.

Après l'assemblée générale de samedi matin, tous les pàrtici-pants ont pris la route à travers

le Béarn et la Soule pour une balade agrémentée de la dégus-tation de quelques spécialités du terroir. Conduite par Pierre Casabonne, maire d'Arette, en Casabonne, maire d'Arette, en présence du colonel Martial Fournier, chef du Groupement Sud, du capitaine Jean-Pierre Lonné-Peyret, en charge du centro de secours du Barétous et de Jean-Pierre Mirande, prési-dent du Service départemental d'incendie et de secours (SDIS), une cérémonie s'est déroutée en fin d'après-midi devant le monument aux morts.

Marseillaise entonnée l'ensemble des soldats du par 1 feu après le dépôt d'une gerbe à la mémoire des sapeurs-pompie morts en service commandé. « Notre club mène aussi des actions humanitaires en faveu de leurs enfants » a tenu à préci ser le président Pinto, ancien marin-pompier et ancien pompier volontaire dans le Var, avant de procéder à la remise de nombreuses couleurs, un terme qui désigne les distinc-tions attribuées aux pompiers afin de récompenser leur métite. Et tout le monde a enfin gagné la salle Barétous-Roncal pour le verre de l'amitié offert par la municipalité. ser le président Pinto, ancien

Activities **RUN EUROPE**

May

A newletter out a series should be drafted during this Run Europe for 25 years WFMC, we relied on various articles and reviews from our brothers who participated in a large part of this journey. Unfortunately our email box remained empty or "efacteur" has he lost in the countless streets of the web. In addition, we prepared some articles for FREEWAY MAGAZINE with twenty photos, history of WFMC World, Europe, France, Full-Patch interviews and Prospect report of Fayence, etc., but again, because of space writing to grant us, we had to settle for a single publication page (2 originally planned) on the last issue in September. It is always better than nothing in this popular French magazine biker world of the old continent.

RUN BOURGOGNE #138 August 28th At Château de Charly

Yesterday, August 28 took place the Run Bourgogne which is grafted on the 10th anniversary of the Rally of Old Bodies in Charly Castle Park.

Some brothers came from Bougnat Chapter and the Central Fire House responded to our invitation.

Yet present since morning and despite the pub made by the speaker, no baptism performed before breakfast and twenty in the afternoon. No pushing, but it allowed us to have a good time and in addition we were in the shade all day.

And so here are some photos from the day.

OPEN DAY 10 and 11 September Fire Departement VILLY - Chapter # 140

It was September 10 and 11 for the Normandy Coast, the opportunity to partner with WE Charity organized the rescue center which I am also head of center (+ easy to be responsible for both entities would associate for decisions, it avoids confusing). Well that being said here are some pictures from this weekend.

First Stand fully organized by our Chapter baptisms (92 carried, or € 460 in favor of the ODP) and the sale of our tee shirts Support and also the secretariat of entries for hiking "walk to save" organized in collaboration between our Chapter and the friendly SP. a hike organized in aid of the Association "CADET ROUSSEL" which helps children with leukemia and their parents (72 walkers € 568 in favor of the association).

Then the RCCI Stand our Frangin Balou that it was also associated Amicale has its various other paid activities (adults course, children course, run commands, raffle) to assist third Association "The World of LORIS "organizes for children with disabilities sporting or cultural days. In its booth a fire scene or the children could then become junior investigator searching for clues and possible criminal after receiving a great degree.

The combination of our club and the friendly has both continued on to the tribute that we made Sunday, September 11 at 15:00 (French time events) to the 343 FDNY. Flag-raising followed by a tribute speeches, wreath-laying ceremony by the Mayor of the municipality, Yann to represent WFMC and Vincent JOURDAIN my deputy Fire Department to represent firefighters VILLY BOCAGE. Then 15 bells shots have sounded to mark Fifteen years passed and a bagpipe-ringer, SPP to CAEN, we sang "Amazing Grace". Of course a great moment for all of us.

Thursday, September 15th at the occasion Rescue Centre was given to me to be able to present a check for 700 € per Association following benefits open our doors.

The WFMC #140 Normandy Coast associated with the Friendly Center and Villy Village Association (which organized the garage sale before the CIS Saturday) could have put the total amount of 2,100 \in .

€ 700 in favor of the ODP
700E in favor of the association CADET
ROUSSEL (helping children with leukemia)
€ 700 in favor of the Association's world
Loris

Just the WFMC Normandy Coast # 140 (Baptisms, hiking and walking for Life Stand Junior Inquirer) to contribute up to € 1,046

of the profits donated to these three associations.
