- The costs charged to the chapters are the costs to WFMC; there is no profit.
- We request that all chapters hosting an event submit a report to Bruce Reibly within 30 days following the event. This report will include how much money was donated and to whom. Chapters who do not submit a report may forfeit potential credit the following year as not reporting could effect the Club's "not for profit" status at tax reporting time.
- We would also like the hosting chapter to write an article for our quarterly newsletter. Remember that the article is due to the News Letter Editor by the 10^h of the month prior to the newsletter. (Example: July Newsletter articles are due by June 10^h.) Show the entire club what your chapter is doing.
