# RESIST MILITARISM BLOCKADE NORTHWOOD

- Take action in opposition to militarism and violence
- War represents a massive violation of human rights
- This is a nonviolent action, with affinity groups as the organising principle. Please leave your offensive weapons, drugs, alcohol and abusive behaviour at home! Bring smiles, music, positive energy and creative nonviolence.
- Legal support will be available on the day
- If you can't join us, please consider organising an action at your local operational military base. Alternatively, send us a donation. Make 10 December a day against militarism!

Preparation and training day on 1 December. Call for details.

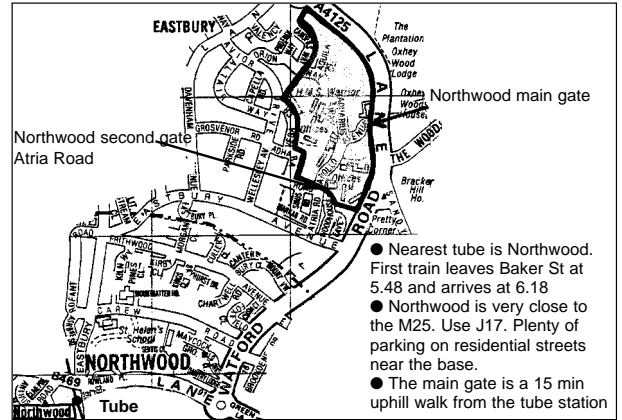

This action has been planned by a random group of experienced non-violent direct activists involved in the international peace movement.  
d10northwood, c/o Box 666, 5 Caledonian Road, London N1 9DY
