THE PLAY: *Bullshot Crummond* is a very silly parody of 1930's British spy movies.

STORY: Our hero, Bullshot Crummond must outwit the dastardly German supervillain Count Otto Von Brunno and his fabulously evil mistress, Lenya who are out to ruin the international diamond market by kidnapping the absent-minded Professor Rupert Fenton. Bullshot and the professor's daughter, Rosemary fall in love but not before Von Brunno captures them both!

Will Bullshot escape? Will Bullshot survive? Will Bullshot save England?
