

RANDOM ITEM TABLE VI

- 01:** Mad Max wind-up music box (prop from the movie)
- 02:** Verizon Cell Phone (Broken, Missing antennae)
- 03:** Box Of Pentium 5 processors – 5Ghz / 2Ghz FSB / 2MB L2 Cache (still sealed in plastic) 10 processors total
- 04:** Cattle Prod, A Farmer's Best Friend model cattle prod from Wattz Electronics.
- 05:** Purple Rabbits foot attached to a brass chain with a broken clasp
- 06:** A Black belt...perfect condition, still in the plastic next to a pile of scrap cloth that appears to be various colored belts that didn't last. There's also a small slip of paper (the shiny coated kind) with a rough step-by-step diagram on how to tie the belt properly.
- 07:** Neds Atomic Dustbin ? (yeah I'm too sure either it just came too me) it weighs 10 pounds.
- 08:** Large dusty bear rug brown in color but still functional (needs cleaning)
- 09:** Box full of 20 assorted Metallic Rings with various jewels and gems in them (20 rings total various sizes rings are made of gold and silver 18 Karrot)
- 10:** Package of Bic ball point pens (yep they still write on the first try (12 pens in package)
- 11:** "Little Jesus". This wicked looking blade once belonged to Lil' Jesus Mordino™. A crime boss out west in some city somewhere. It has numerous nicks and cuts along its surface, but its edge is razor sharp. On its handle is carved "Little Jesus."
- 12:** A faded black Karate Gi with a cobra patch on the back. The pants are dusty but OK, and the jacket has some serious mildew on the lower left portion.
- 13:** Gold Tooth. This gold tooth used to belong to somebody, but it's yours now. (10 Karrot)
- 14:** Pre-Rifts Prosthetic hand (exceptional quality can still be used, needs Cyberdoc)
- 15:** Role of Carpet light brown (40' x 100' roll) no padding
- 16:** Old black hand-held transistor radio with telescoping antenna (strange but is still pics up transmissions from the 70's and only plays disco music, The Horror!)
- 17:** Glitterboy toy! it is a 12" model of the real thing with removable pilot, and "realistic" "Boom gun action"(tm) and "Boom sound"(tm)
- 18:** Naked Moose Mag, An under the counter magazine featuring the finest moose flesh in the land. The articles are exceptional.
- 19:** Box of Salt & Pepper Shakers (pepper bad but the salt can still be used)
- 20:** Box of paper plates (they crumble to dust when handled)
- 21:** Bottle of Bleach (full, still sealed never opened) label has worn off so the characters may not know what it is.
- 22:** Leather office chair (leather is worn hardened and cracked in places)
- 23:** Box of Paperclips (88 clips total)
- 24:** A pair of Nunchaku with the one of the wooden handles rotting away, and the other is petrified.
- 25:** An inflatable rubber sex doll. This model is called "Tandi". It weighs 20 pounds when inflated
- 26:** Box of 100 Cool mint Listerine PocketPaks™ (oral care strips / 24 per pack) your characters will never have bad breath again!
- 27:** 1 broken flat head screwdriver
- 28:** Flawless quartz crystal necklace (the crystal is 3" long and .74" in diameter)
- 29:** Old Leathery Book "The Necronomicon" (Latin translation / fifteenth century black-letter edition) No identifiable Markings as to what this book may be. It is 3 inches thick Meuwahahahahahahahahahaha!!!
- 30:** Box of Colorful Silk ribbons of various lengths (300 ribbons total none over 12 inches in length)
- 31:** Cthulhu Plush stuffed toy.
- 32:** Old Leather Bombers jacket (leather needs some care but is XXXXL in size (will fit most humanoid borgs)
- 33:** The complete 5 season collection of "Monster Garage" on DVD (oh the possibilities!)
- 34:** A jar of a dark brown liquid substance. Looking into the jar will reveal all kinds of wood chips, herbs, bugs snake skins, and bone fragments. If the character's have the nerve to open this jar, they will catch a wiff of some extremely potent alcoholic "brew". If ingested, the character will be nauseous, and feel woozy for 1D4 melees (-2 to strike/parry/dodge). If applied to bruises, sore joints, or sore muscles it will increase healing by 1 SDC per

hour (this is Dit Da Jow, for anyone that studies any of the Chinese Martial arts).

35: “The Book of Ten™”: The book itself is an unassuming, leather-bound tome about the thickness of a pre-Rifts telephone book. The thousand pages within are the thickness of onionskin

36: Box of 12 pure silver Sporks!

37: Yog-Sothoth Plush Stuffed toy.

38: Thermaltake 8mm computer case fan

39: Package of nylon shoelaces

40: Box of 20 Fusion Batterys, A sophisticated power storage device, compatible with many “Pre-Rifts” artifacts.

41: Maxim Magazine Nov. 2038 edition Cover article “Brittney Spears Daughter Caught nude!”

42: Wind-up SAMAS Action Toy (walks around saying “The Coalition is your friend / and / Destroy all non-humans”) black in color

43: A perfectly folded Post Size American Flag in Pristine condition, in a triangular Glass and wooden frame.

44: Bag-O’ army men (100 little green plastic army men)

45: A set of 4 DVD cases with the label rotted away (some cases are in very poor condition). Opening the cases reveals the titles: "And1 MixTape" Volumes 3, 5, 6 and 8.

46: The “Mobius” (Yup that Mobius, Meuwahahahah, The Coalition will want your ass now!)

47: Cybernetic Gyro-Compass (Looks like it may have been used)

48: Model 3000 Police Smith & Wesson Shotgun: This is fairly typical of pump action shotguns used by police for riot control. (it is in air condition but is missing it’s trigger) Calibre: 12 gauge. Feed: Single shot (pump action). Weight: Under 71bs Damage: Buckshot does 4D6 per round. Solid slug does 5D6 per round.

49: Box of 12 gauge Shotgun rounds 00-Buck (12 rounds, 4 will crumble when handled)

50: The missing Trigger for number 48.

51: A Wattz Electronic Micromanipulator FingerStuff electronic lockpick. For defeating electronic locks and security devices. (broken, also needs a battery)

52: a 6 foot high trophy made of plastics with a socket for a small bulb in the "body" of the trophy with a little plastic guy doing a technically inaccurate side kick.

53: Multi-Optics Helmet (M.O.H.): The multi-optics helmet is a special optical enhancement system built into a protective helmet. It includes the following features:1. Targeting Sight: 1600ft (480m) 2. Infrared Optics System: 1600ft (480m) 3. Telescopic Monocular Lens: Range: 2 miles (3km) 4. Thermo-imager: Range: 1600ft (480m) / (The Monocular is broken)

54: Rolex Watch (made of Titanium gold silver and platinum)

55: Led Zeppelin Album on 8 track tape

56: Copy of PC Gamer Magazine Oct. 2074 edition, Cover Article “Sony Online Goes Bankrupt”

57: Conventional Binoculars Left lens broken

58: Mini-DVD computer game “Rifts” Macintosh OS XX version

59: Book “How to win Friends and influence people” poor condition / handle with care

60: A chocolate chip cookie. Yum! (Petrified, can be used as melee weapon, maybe)

61: Pre-Rifts RMK or Robot Medical Kit (Good condition) paramedic suturing skill of 98%. Not effective against internal injury, broken bone, or severe wounds. But great for cuts, bruises, bullet and stab wounds.

62: Slap Gloves, Six ounces of powdered lead is built into each glove just above the knuckles padding the wearer and adding weight and strength to the force of one blow. (unfortunately all the lead is missing)

63: Old vehicle that's too broken down to fix but is good for parts

64: Hal 9000 Personal Data Assistant (it even says “Good Morning –insert name here-“ every time you turn it on)

65: Authentic Kevin Long Painting of the “Ley Line Walker” worth 1,000,000 credits

66: Pair of walkie-talkies (need batteries, but still work 3 mile range)

67: HI-B3 Heavy Infantry Armor (for Borgs), 320 M.D.C Painted to look tie-died. Needs some repairs is obviously used.

68: Holotape. This holotapes is a data storage disk, based on Tape Holography technology, storing its information safe for extended periods of time. This disk can be read by the PIPBoy 2000 Personal Data Assistant.

- 69:** Fusion Block type III, Looks functional in every way but will explode the second it is used
- 70:** SAMAS helmet missing an eyepiece, but otherwise still functional
- 71:** Pre-Rifts IRMSS or Internal Robot Medical Surgeon System This unit is Equal to a medical doctor's surgical skill of 98%. When the nano-bots are done, they simply turn off and are naturally flushed from the body (average life is one hour). They are not reusable. this IRMSS holds 48 surgical robots for four uses.
- 72:** Book "Traversing Our Modern World" By Erin Tarn (Excellent Condition)
- 73:** Bag of Scented Bath Beads (Lavender Scent)
- 74:** E-Tool (handle bent slightly)
- 75:** Camouflage Gore-Tex Jacket with lots of pockets and a hood size XXL
- 76:** Box of green cyalume® Lights Sticks (40 sticks)
- 77:** Book "Humankind's Rise From Chaos" by Erin Tarn ; Printed Circa 63 P.A (Fair Condition)
- 78:** 10 cans of German instrument grease
- 79:** Box of 20 rusted P-38 Can openers
- 80:** Crate of 100 Individually wrapped White Haynes T-Shirts (still in Plastic)
- 81:** 2 Full Bottles of US military issue Insect repellent (be careful this stuff will melt some plastics!)
- 82:** A pair of almost new OpticalVidChips still in the original plastic. "And1 MixChip" Volume 1 and 2 (Juicer Basketball, when the harness was big in the streetball games...If the characters can get their hands on a viewer, they will be blown away by the speed, dribbling skills and insane dunks [on a 20 foot rim] that these players are capable of...they will also find it disturbing that the average age of the players is 17, the price of fame).
- 83:** British Military Zulu Helmet (white in color)
- 84:** 1 Broken Yo-Yo
- 85:** 1 Hoola-Hoop Bright red in good condition
- 86:** Crate of Leather Combat boots (Gore-Tex) 20 pairs in various sizes. Danner Brand
- 87:** Brand new Chess set still in Box (Missing 1 white pawn, and the Black queen piece is partially Melted)
- 88:** Wind-Proof butane Lighter (works, but needs fuel)
- 89:** Electric Nose hair trimmer! Needs a battery
- 90:** Box of Well made Stainless steel Throwing Stars (2d6 sdc damage) 10 Stars
- 91:** Techno-wizard Flaming Sword,
- 92:** Barnet 150-lb Ranger Cross bow (missing String)
- 93:** A Tupac CD with all new material, released in 2012 AD (this one hits the charts high, and brings about a whole slew of rumors that 2Pac is still alive).
- 94:** Bionic Human Hand and Arm: 10 M.D.C. for hand, 40 M.D.C. arm, Looks like it may have been ripped from the Torso of some poor human. But it belongs too you now.
- 95:** Silver Zippo Lighter with U.S. Marine Corps Emblem in 24 Karat Gold. (needs Fuel)
- 96:** Set if Vinal Window Blinds (Cracked)
- 97:** Leather Steering wheel for a 2069 model Corvette (good condition)
- 98:** Bionic Human Foot and leg: 15 M.D.C. for foot, 70 M.D.C. leg, Looks like it may have been ripped from the Torso of some poor human. But it belongs too you now.
- 99:** California License Plate.
- 00:** A pair of porcelain fangs (cracked and chipped...poor condition) that appear to have fallen off of a skull laying next to them. The partial skull is from Count Sideous, a serial killer from 2098 (just before Chaos Earth) that was known for his vamparic tendencies with his victims. Everyone believed he was the real deal...until a real vampire visited his home. His crime spree ended abruptly after 7 victims, baffling local and national law enforcement agencies.
