Legend:
 = Submit Support Ticket
 = Access Control Panel
 = Change Control Panel Password

1. Sign Out button
Use the Sign Out Dashboard button to exit the Dashboard.

2. Change Username and Password
Click this link to change the Dashboard username and password (different than Control Panel).

3. Additional Help & Support
Use the Help & Support section to search the Answer Center, Submit a Support Ticket, View Submitted Tickets or Contact Customer Support.

4. Menu Bar
The Menu Bar section contains the Website Address, Plan Type, Date Created, Renewal Date, and Functions.

5. Domain Name button
Click the arrow icon to open the Quick Access area for the selected domain name (web-hosting account).

6. Functions
The Functions section contains the live function buttons to control the following functions for the specific web-hosting account: Submit Support Ticket, Access Control Panel, and Change Control Panel Admin Password.

7. Quick Access
The Quick Access area provides easy access to most commonly used Standard and Advanced Services selections.

8. Usages
The Usages section displays the Disk Space Used and bandwidth used (Transfer Consumer) by your account.

9. Legend
The Legend section describes the Function buttons. These buttons are not live in the Legend section.
