

# The McLemans' Photo Circular - Christmas 2011

This is the view of Niagara Falls taken on our trip to Canada in August

Welcome to our photo update for 2011.

Our grandson Murray has been very much a major part of our lives this year as we have watched him grow from 5 to 17 months.

We spent a fantastic two weeks with Annie's sister in law Pam, her daughter Joanne and husband Kevin and family in Canada - The first week in and around Toronto and the second week on the banks of Pigeon lake. Thanks to Kevin and Joanne for their outstanding hospitality!
