

THE FORT WAYNE VOLLEYBALL CLUB EST. 1987

The Fort Wayne Volleyball Club will begin its 39 season with tryouts in OCTOBER. We are one of the oldest programs in the United States with continuous operation and a registered not-for-profit organization.

Our mission is to provide affordable youth volleyball training for area students in grades 5 thru 12. Our fees are structured to provide a program with excellent training provided by experienced coaches. We do this keeping our overhead cost as low as possible; ending the season in May (verses June/July); coaches are paid a modest stipend; we have no full-time employees; low-cost T-shirt uniforms; low food/gas travel cost by keeping all tournaments one day and close to Fort Wayne; participating in 6-7 tournaments each season.

One of the largest expenses of any program is gym rental, full time salaries, and hotels. By eliminating full time employees and hotels, and keeping fees low, we are able to provide a program that is affordable. We also respect that families have other obligations and sports interests. The week-to-week constructive training is the key to player improvement in our 38-year-old program.

We accept a limited number of players into the program. Each age group has approximately 18 players divided into two teams. The higher skilled players are placed on teams together. If warranted and necessary, we move players to higher age groups to match their skill. Early tryouts and traditional October tryouts determine travel team membership. Our non-travel training team program accepts player on a first registered, first in basis (no tryouts).

Compare the cost of other programs. Compare the coaching staffs. Ask any/all questions you have. Our program is designed for all skill levels. We want players who have a desire to learn and those who realize and respect what a hard-working, well coached program has to offer them.

Tony Terrell, club founder and director is available to answer questions and help you better understand what makes Fort Wayne Volleyball Club an affordable option worth considering. Contact @ 260-437-0038

Travel teams: \$895 AND Non-Travel Training Teams: \$595
