Ramblins from your Chapter Director

July 2013

Greetings Chapter M Members & Friends,

WHERE WERE YOU?

If you have not been participating in the Chapter rides you have been missing out on some great rides and fellowship. Here is the outcome of our rides so far this year. The ride to Moonshine there were **6** wings, the ride to Litchfield (Niehaus Appreciation Days) well attended (I think there was a total of 13 or 15 wings), the ride to Pontiac, Illinois, cancelled due to lack of participation (only one couple responded that they were going), on the trestle ride we had 5 wings (six members), **zero** participated on the ride after our June meeting, the Exotic Feline Rescue Center Ride (Gloria and I were the only ones who showed up), there were at least 8 wings (16 members) at Wing Ding, the follow up ride to the Exotic Feline Rescue Center we had 7 wings (11 people). On all of the rides (except Wing Ding) the weather has been good. Each ride has been great as far as scenery, good roads, good times and no accidents. If you can, go on some of the rides in the future. You will be amazed at what you have been missing.

The follow up ride to the Exotic Feline Rescue Center was very enjoyable. We had good member participation, had a good meal and enjoyed the various lions, tigers, bobcats, etc. at the Rescue Center. The only incident was that Debbie was grabbed (but not by any of the cats) and thought she was lion food.

Our Chapter extends a very heartfelt sympathy to Steve and Nancy Whitehead on the loss of Nancy's sister and also to Keith and Gwen Graber on the loss of Gwen's sister.

Everyone be careful, watch out for farm machinery, drivers on cell phones and debris on the road (people are mowing and blowing there grass on the roads making them slick in spots).

Hope you can make it to our Gatherings

Darrel, Chapter M SCD

Indiana District Director

July 2013

Hello, Indiana Members!

Kay and I are on the road to Greenville as we write this month's article. We took off a couple of days early to stop in Nashville TN. Having a great time but looking forward to the drive from Cleveland TN to Greenville via Rtes. 64 and 76.

We have had only two suggestions for the 2014 Region D sites. Roger wants to get something finalized later next month, so here is your chance to bring a Region event to your neighborhood. As most know, Indiana was skipped over the previous two years because of Wing Ding in Indiana. Now we are ready to have it come back after six years in Ohio and Michigan.

We saw a lot of Indiana members at the Ohio Rally, it sure was nice seeing everyone and

the weather was perfect. Lloyd, Becky and the Ohio Team did a terrific job and everyone had a great time. Indiana took second place in the Pinewood Derby, but we had to let Michigan win something. We however kicked butt in the paintball shootout. It makes shooting a lot easier when you have great targets and that they were, Roger Hurley dressed up as a woman was what I got to shoot at.

We hope everyone will have had a safe trip to Greenville and enjoy some of the awesome roads along the way. We plan on getting a ride in after registration and seminars. We also hope to have Mike and Penny as our new International Couple of the Year, but time will only tell.

With summer upon us we also as a District Team have a chance to wind down and enjoy some "down time" as we only have Fall Fest and the Fall Meeting planned. However we know several Team Members are planning on visiting chapters and enjoying some of the chapter events. Kay and I owe the success of the Indiana Team to all the Team Members, they are the best Team in GWRRA and I will put any District Head to Head with our group. So when you see the next Team Member, give them a pat on the back for they have done a terrific job for Indiana and its members.

August has us getting ready for the Michigan Rally in Midland. We have had a great time when we get together and love seeing Indiana members there showing their support for our fellow district. 1st week in August is the dates, camping is on the fairgrounds with hotels nearby.

Several restaurants are nearby for some good food. Hope to see you there.

On a better note, for those that did not hear, Bob Hamm of Phase One Polish had to leave the Ohio Rally for a medical emergency at home. He called and his mother is due out of the hospital this past week. He will not be at Wing Ding because of needing to be there for his parents and hopes to see everyone at Michigan. Special thanks to Mike Albright, Gary Meyerholtz, Ed "Snappy" Snapp for helping Bob get packed up so he could get home. He got to the hospital ½ hour before his mom was life-lined to Louisville; he was very touched be all the support he received from all GWRRA members. I hope I did not forget anyone. Hats off to all of you.

Please ride safe and enjoy your motorcycles and friends until we see each other at the upcoming events,

Lee & Kay

Assistant District Director

Hello Fellow Wingers

Sorry we did not get an article in the June District newsletter as we were out of town so we are a little late in thanking everyone that helped us out at Spring Wing Warm Up.

Since the rainy weather was against us for our Thursday evening supper ride we got everyone together and had a pizza party there at the fairgrounds and had around 84 people to join us for an evening of sitting around visiting with all our GWRRA friends as we enjoyed our pizza. Because of rain again on Friday we had to cancel our pie shop ride but the weather was nicer on Saturday so we had 34 people to go on the pie ride Saturday. We want to thank everyone that attended the pizza party and pie ride.

We had members from all four of our chapters to attend Spring Wing and we want to say a special thanks to Chapter O and Chapter Z for helping with security on Friday and Saturday.

Last year we attended Missouri District Rally and enjoyed it so much we decided to go back again this year and even though they were also blessed with rain for their rally we still had a good time. After we left the Missouri District Rally we along with Bob & Deb Caldwell and Ralph & Lorelee Ward rode down to Harrison, Arkansas where we spent a couple of days riding some of Arkansas's scenic & curvy mountain roads----Ask Bob what he thought of Mt. Nebo.

Evansville Chapter O invited us and Eric & Jan Franson (former Indiana District Directors) to go on a mystery ride over June 22nd & 23rd week-end and it was a lot of fun riding some really neat roads with no idea where in the world you were going. Thanks Chapter O for a great week-end—we had lots of fun.

Right now we are getting ready to head to Greenville for Wing Ding and looking forward to a fun time and meeting up with lots of GWRRA friends that we have not seen for a while.

Until next time!!!!!!!!!!!!!! RIDE SAFE

JUNE DISCUSSIONS

Opening Prayer given by Debbie Cole

1. Six members on 3 bikes and 2 trikes met in Washington at 1pm and rode to the Railroad Trestle and on to the town of Bloomfield to see the “world’s biggest jack” and then continued to the meeting.
2. We welcomed several visitors from chapter Z
3. We will continue to collect hotel toiletries for another donation again next winter.
4. Due to rain the rides at AJ Cycle’s Open House were cancelled but they want the Chapter to come back later in the summer and do a ride.
5. This summer’s ride contest will be towns that begin with the letter “M”. So stop and take a photo of your bike whenever you ride through a town that starts with our favorite letter.
6. Starting in June the Chapter M Gathering will start at 5:00 pm for the summer months to allow for time to ride after the meeting.
7. The next ride will was to be to the Feline Rescue Center at Center Point, IN on June 29th.

*The “Guess How Many” Illusion Blue M & M’s
winner was Bill Meece.*

Hot Weather Riding Tips

Summer days are upon us and the triple digits aren't far away. When riding in the hot weather, it is essential to protect yourself from heat exhaustion. Our tips may not keep you cool, but they will keep heat exhaustion at bay.

Insulate

Wait, what? Yeah it's hot and the natural instinct is to peel the layers off, but that would be the wrong move. When riding a motorcycle, it's always important to consider protection and believe it or not, those layers will protect your body from the heat. If the temperature outside is under your body temp, it makes sense to open the jacket vents or wear a mesh jacket. If the temperature is higher, keep the layers on and the vents shut. This will keep out the heat billowing off the roadways and engine. So insulated boots, a jacket, riding gloves and a helmet, preferably with visor, are a must.

Evaporative Cooling

This tip doesn't work so well in humid climates, but for dryer areas, it can mean a world of difference. Wearing a bandanna around your neck soaked in water helps cool the body. Bandannas do dry out quickly, so keep a water bottle nearby to douse the bandanna regularly.

Hydrate! Hydrate! Hydrate!

In extreme weather it is essential to drink large amounts of water. Consider carrying a water bladder with drinking tube for easy consumption while riding. If caught unprepared, stop off at any grocery store or convenience store; almost all carry chilled filtered bottled water. Sports drinks and sodas will do in a pinch, but we encourage plain water for best hydration. Avoid alcohol, it encourages dehydration as well as impairs judgment.

Rest Often

If you feel too hot or feel light headed, pull over and rest. Just a few minutes in the shade with a cool drink will do wonders for your body. Consider stopping every hour, especially if you aren't carrying water. Heat exhaustion will sneak up on you and it's easy to think you can go a few more miles, but in this instance it's better to err on the side of caution.

Adjust Your Schedule

Consider leaving earlier and returning later to miss the heat of the day. Stop during the hottest hours of the afternoon and find a cool shady spot to rest and rehydrate before continuing on your journey. If you're not confident riding in the heat, don't do so.

KH RADIATOR SCREENS

GL1800

As you clean the bugs off of your windshield think about the radiator inlet grill allowing bugs and debris to be ground into your radiators by the fans. The photo of a rock damaged radiator below, shows you what happens with debris that gets through the inlet. The rock will cost you 500 to 800 dollars in repairs and will disable your bike. Bugs and debris that get into your radiators will not only reduce air flow but can bend cooling fins causing permanent damage.
