The Presidents Corner...

By Jeff Martin, WB4JM

I am devoting this edition of the HamCall to John Coe, KY4COE and the work he did on Field Day and to all the other individuals who helped set up, tear down, and operate the radios. You all did a superb job!

One other thing, John Reasoner, WA4QMQ is having his Code class this July. If you would like to participate, please contact John for details.

I hope you are having a great summer! See you on Friday

73's - Jeff Martin, WB4JM

Monthly Program

By John Coe, KY4COE
Vice President Elect.

No submission.

Minutes & Sec/Tres Report

By Claire Rinehart, KF4IWX
Secretary/Treasurer

The June KCARC meeting included a discussion on Fred Painter's repeater, KA4CFW, 147.330, and the progress that is being made to get it back on the air. John Reasoner, WA4QMQ, introduced what was coming up in the code class and brought a wide variety of keys. Doc, KC4HDG, awarded the "Bent Screwdriver Award" to Marshal Love, KC4WFN, and finally plans for field day and the picnic were finalized.

The Bent Screwdriver Award Presented by Dr. Carroll Brooks, KC4HDG, at the June 2005 KCARC meeting.

Some awards are self-explanatory while others either need or deserve at least a small explanation. The "Bent Screwdriver" is given to the amateur radio operator who has made some type of error (operating, mechanical, equipment malfunction or otherwise) and has become a dreaded and also revered prize. However, some hams have not been content with merely winning the bent screwdriver by making a straight forward, simple error. Tonight's recipient falls into

that category. He has changed the standard and raise the bar so high that he has become the front runner to retain the bent screwdriver (also known as B.S.) in perpetuity! He has done original research in the field of aquatic electronics. He has also written a very learned thesis in the field of physics dealing with the relationship between the speed of a rotating object (an HT) and the centrifugal force produced. And then when the lanyard broke and the HT hit the floor reach the pinnacle of B.S. attainment by having the unmitigated gall of exclaiming "The damn thing don't work".

It gives me great pleasure to present to you tonight's award winner, KC4WFN, G.M. Love.

73's - Claire

2005 KCARC OFFICERS

President:

Jeff Martin, WB4JM

Vice President Elect:

John Coe, KY4COE

Vice President:

Henry Cantrell, W4HTB
