

The Tree Worker

A Monthly National Arborist Association Publication

This is the monthly newsletter for the field employees of tree care companies. Each colorful issue gives employees "How to..." pointers on subjects such as improving client relations and avoiding vehicular accidents. Special subjects on disease and pest alerts, tree identification or technical features appear in many issues. Those often hilarious, always informative Mr. Safety cartoons, created by the tree care industry's own Brian Kotwica, are on the back cover! Many arborists use each issue as a monthly tailgate safety training session.

Subscriptions

Number of subscriptions	Cost per one-year subscription	Cost per two-year subscription
1-9	\$19.95	\$35.95
10-19	17.95	31.95
