CREDIT CARD NUMBER and EXPIRATION DATE

SIGNATURE

* **LIMITED EDITION PRINTS:** Check to see the limited number of prints made from each original painting. If the maximum number of prints made is 300, and the next available number is 20, your print will be signed by the artist and the number next to the signature will read 20/300. The lower the first number, the more valuable the print. Prints are sold on a first come, first serve basis.

Choose Large (16"x20") or Small (11"x14") prints. All prints come with acid free mat and backboard, protected by a crystal clear envelope. They are presentable as a fine gift without a frame. Please include the name of the print, which is the same as the name of the original painting, and circle the size you want when you order.

* **ORIGINAL PAINTINGS:** You may find original paintings available in many mediums. Most of the paintings are done in oil, watercolor or graphite. Please check the price for original paintings available, or enquire about commissioning an original inspired by *you*!

* **GIFT CERTIFICATE:** You may choose any gift amount on your Gift Certificate. It is recorded for when the recipient redeems their certificate. If they choose something more expensive, the money on the gift certificate may go toward whatever they order.

IMPORTANT: When ordering portraits, make sure that the subject's head (from the top of the forehead to the bottom of the chin) measures at least 3/4 of an inch or larger in the photo you send. This helps me to see detail and the personality of the person or pet. There is also a questions and answers (Q & A) page to help explain any other questions you may have when ordering your portrait.
