

Quidditch Match Rules

Like a Quidditch game from the Harry Potter books, this game doesn't end until someone catches the Golden Stitch. Until then, just keep going around the board.

Directions:

- *Decide who will go first by whoever rolls the highest number.*
- *Start on the "Take off" box*
- *Be sure to keep score. Just because you catch the Golden Stitch, doesn't mean you are the winner, so get over yourself.*
- *Keep going around the board until someone lands on the square with "Your seeker catches the Golden Snitch! ADD 150! GAME OVER"*
- *Simple enough, so have fun!*

These are your game pieces. Cut these out.
