Notes: Each of the Greendale tracks has an intro or story track that comes before the song track. Therefore, disc 1 has 16 actual tracks. Disc 2 has 15 tracks with the only story tracks coming before Sun Green and Be The Rain.

The audience applause on several tracks was edited down to fit the show on 2 discs. Numerous pops, gaps, and glitches were also edited out. Hopefully, nothing major remains. Overall, the taper did a great job. Lou Sosa (lsosa54@yahoo.com) 5-17-03

Wow!-- Second 'On the Beach' in 28 years. First 'No One Seems to Know' since January 14, 1983. 'Cortez the Killer' on 12-string. 'Hitchhiker' intro only - bummer :) First 'Campaigner' since October 24, 1996. Wow!!
