Dr. Isaac Woungang received his M.Sc and Ph.D degrees in Applied Mathematics from the University of South, Toulon & Var, France, in 1990 and 1994 respectively. In 1999, he received a M.A.Sc from INRS-Materials and Telecommunications, University of Quebec, Canada. From 1999 to 2002, he worked as a Senior Software Engineer at Nortel Networks in Ottawa, Canada. Since 2002, he has been with Ryerson University, where he is now an Assistant Professor of Computer Science. In 2004, he co-founded DAB-NEL (the Distributed Applications and Broadband NEtworks Laboratory) R&D group. His research interests are Telecommunications network design, Network security, Category theory and its applications to Error-correcting codes.
