## OBJECTIVE

---

To create and maintain engineering software for an engineering or software development firm

## EDUCATION

---

**University of Rhode Island:** Kingston, RI

**Bachelor of Science in Civil Engineering May 2005**

Overall G.P.A.: 3.3/4.0 Dean's List

*Relevant Courses:* Structural Steel Design, Reinforced Concrete Design, Water in the Environment, Highway Design, Civil Engineering Design, Foundation Engineering

## TRAINING

---

**Wentworth Institute of Technology:** Boston, MA

Introduction to AutoCAD Professional Level I

Intermediate AutoCAD Professional Level II

**University of Phoenix:** <http://www.phoenix.edu>

Introduction to C++

## PROFESSIONAL EXPERIENCE

---

**Odeh Engineers, Inc.: North Providence, RI (2000-Present)**

CADD Manager

- Maintain 20+ full time engineering CADD workstations
- Design standalone software applications with VB and C++
- Customize AutoCAD using Visual LISP, VBA, VB, DCL and DIESEL
- Create and enforce CADD standards
- Automate plotting standards for a variety of media and devices
- Coordinate shared network resources

## COMPUTER SKILLS

---

**Languages:** VBA (Excel, Access, AutoCAD), AutoCAD Visual LISP, DIESEL, C++ .NET, Visual Basic .NET, HTML, Java Script, ANSI Common LISP

**Software:** Internet Navigation / Research, Microsoft Office (Word, Excel, Visio, Power Point, Access, Outlook), Eudora, Web Design, AutoCAD (R13-2005), Stran, Maple, WaterCAD

**Operating System:** Microsoft Windows, Operating System Configuration

## HONORS AND AFFILIATIONS

---

URI ASCE Technology Director

Centennial Scholar

Civil Engineering Design Team Manger

## WORK EXPERIENCE

---

**Wright's Farm Restaurant: Burrillville, RI (1997-2001)**

Buss Boy

- Develop a strong independent work ethic
- Work as a team and coordinate as part of a large restaurant
