Dr. Joan M. Crooks
Chiropractic Physician

August 11, 1997

Re: [redacted] Anderson, #127180

To Whom It May Concern:

As per Ms. Anderson's request, enclosed are records from her treatment at this office.

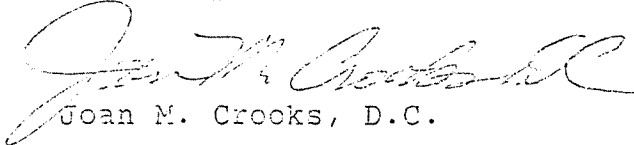

She has a history of Chronic Fatigue Syndrome, Anemia and Hypglycemia.

The records enclosed are of her treatment after an auto accident in April, 1996.

If asked, I would recommend only light physical duty as she is quite frail healthwise.

If you have any questions, please do not hesitate to contact our office.

Sincerely,

Joan M. Crooks, D.C.
