

Gevork Khatchatrian

Objective I would like to graduate high school with at least a silver medal. I would like to get into CalState Northridge so I can join their real good digital arts program. Then I would like to apply for a good internship somewhere in the field I choose to work in to give me the experience I need. Then I would like to pursue my dream and get in to the movie industry.

Education 1994 - Present Hollywood High School

New Media Academy

Special Training in digital arts.

- Adobe Photoshop
- Adobe Illustrator
- Macromedia Flash
- Macromedia Dreamweaver
- Final Cut Pro
- Documentary Making
- Music Video Making

Interests and activities Computer related activities. I like to work on projects on my own to learn more and more. I experiment with new programs besides the ones I know already.

Languages English, Armenian, Some Spanish

Work experience 04/02 - 02/03 Inland Pacific Consulting

WebMaster

- Making websites
- Adding changes to existing websites
- Keeping websites up to date
