Brother Eric Kay
Malta Lodge #17
AF&AM
521 Arapahoe St
Thermopolis, WY 82443

Dear Brother Eric Kay,

I appreciate you reaching out for my advice. The Freemasons has a special place in my heart, as you may know, my father was a member of this great brotherhood. My father was, and still is my hero and role model. He taught me the value of working hard and the pride you will feel from the work you complete. I followed in his footsteps and petitioned to the Sheridan Lodge for membership, before I turned 21.

I am sorry to hear about the state of Malta Lodge #17 in Thermopolis. I appreciate that you have reached out to me for my advice. Unfortunately I am not sure that I know of a simple solution to help. You should reach out to other lodges around the state and country to gather information on how they are able to fund their repairs, or even ask them if they would be able and willing to help their fellow brothers renovate their lodge. I have also provided a link to the Federal Grant Assistance page, which you can find on my website which you can find here, <https://www.enzi.senate.gov/public/index.cfm/federal-grant-assistance>. Some of those programs may be able to provide assistance.

I am sorry that I cannot be of more assistance, but should you have any further questions please do not hesitate to reach out to me.

Sincerely,

Michael B. Enzi
United States Senator

*I am also a 33° Scottish Rite and a Shriner
I appreciate you taking this leadership role
and will watch for opportunities to help*
